Progress Report

Project:

Distribution of 30 Days Ration Pack to 46 COVID-19 affected families in Village Khurra Soon Valley Khushab.

Project Sponsor:

Dr Tariq Awan

Project Implementer:

Human Development Foundation – Pakistan

Project Timeline:

Date of Initiation: May 14, 2020

Target Date of Completion: May 20, 2020

Progress Status up to May 20, 2020:

With financial support of Dr Tariq Awan HDF Pakistan has been able to ensure adequate nutritional requirements of 46 most vulnerable families of Village Khurra, badly affected by the unprecedented COVID-19 situation. The composition of each ration pack was decided by our Nutritionist to cater for the required nutritional need of an average family of seven individuals for one month.

Distribution of Ration Packs:

Most affected 46 families of Village Khurra, Dhok Biakh and Moza Tararri were selected in consultation with local community for provision of the ration packs. Food items included in ration packs were procured from Khurra by a committee comprising HDF staff and village people, in accordance with the procurement policy. The ration packs were packed and distributed jointly by HDF staff from National Office and committee members. Branding of HDF was done on every ration pack. Out of 46 ration packs, 23 packs were

distributed in Village Khurra 16 in Dhok Biakh and 7 packs were distributed in Moza Tararri, Detailed list of the beneficiaries (verified by local committee) who have received the ration packs is attached as Annex-A. All safety instructions like maintenance of social distance and wearing of available PPE equipment were ensured at the distribution venue. The occasion was also used for the awareness and education of beneficiaries about safety measure and prevention of COVID-19. The beneficiaries were thankful to HDF and sponsor for supporting them in lockdown situation.
